

WHY I SEND MY CHILDREN TO SACRED HEART CATHOLIC SCHOOL

One of the reasons I send my child to Sacred Heart School is because of the loving and nurturing environment. He is now in 7th grade and since kindergarten he has always been treated kindly and with respect. I believe it is very important and essential for children to learn in a happy and comfortable environment, this teaches them to love and respect others in return.

Another reason I send Angel to Sacred Heart School is to keep the path to God and Word of God active in his everyday life and learning experience. Children of today are our future. It is our responsibility to keep the Lord's teachings active in their lives so they can grow to be healthy in mind, body and spirit. This also gives them a greater opportunity to pass on God's Word and God's Grace to their children and so forth.

Angel and I also enjoy all the fun and educational field trips Sacred Heart School offers. Last year Angel and his father went to California Adventures Disneyland with Sacred Heart School and had a blast. It was a good experience for Angel to travel by bus to another state with his classmates and learn about motion in science. I feel grateful Sacred Heart School allows and encourages parents to participate in field trips and many other events at the school.

I also feel Angel is a lot safer at Sacred Heart versus a public school. So many children are robbed of their innocence at too early of an age these days. Weapons, drugs, violence and other dangerous situations/circumstances are all too common in most public schools – yet these are unheard of at Sacred Heart School.

In closing, I must acknowledge all of Sacred Heart School staff, faculty, teachers, volunteers and students for making Sacred Heart School what it is – a super-wonderful learning and fun environment for our precious children.
